IMANTHA
OSHADHA

Undergraduate at SLIIT

ABOUT ME

Motivated and dedicated undergraduate student pursuing a BSc in Information Technology at SLIIT campus, Malabe. I am a 23-year-old male with a passion for both front-end and back-end development. With a strong focus on web development, I possess solid skills in HTML, CSS, JavaScript, and other relevant technologies. I am adept at translating designs into fully functional and responsive websites, ensuring an optimal user experience. Committed to staying updated with the latest industry trends, I strive to deliver high-quality solutions that meet client requirements. As a self-motivated individual, I am eager to contribute my technical expertise and collaborate in a team environment. With a strong work ethic and a keen eye for detail, I am driven to excel in the field of Information Technology.

EDUCATION

GENERAL CERTIFICATE OF EDUCATION (ADVACNED LEVEL) EXAMINATION (2020)
Kegalu Vidyalaya

Demonstrated dedication, perseverance, and strong analytical skills. Proficient in subjects such as Combined Mathematics, Physics, and Chemistry.

UNDERGRADUATE IN BSC INFORMATION TECHNOLOGY (2021-2025)
SLIIT

The program is designed for technically focused students who required to develop strong professional & academic capabilities in programming. I'm developing strong technical skills in the areas of software design and software engineering, operating systems, systems administration and technical support, and networking.

EXPERIENCE

SLIIT
During my programming journey, I have acquired a diverse range of skills and experience. Starting with C and progressing to C++ with a focus on object-oriented programming, I collaborated with a team to develop a fully functional web system using HTML, CSS, JavaScript, and PHP, with a MySQL database. We further expanded our capabilities by creating another web system using Java, incorporating OOP principles and design patterns. Additionally, I gained valuable experience in mobile app development, specifically with Kotlin, by successfully building a job-finding application. Finally, I honed my skills in full-stack development with the MERN stack, building a feature-rich web application. Throughout these projects, I have gained proficiency in CRUD operations, database design, integration of project components, and creating visually appealing user interfaces.

MY SKILLS

Web Technologies

MERN Stack

Python & Java with OOP

Database Handling

Networking

Tailwind CSS

LANGUAGES

Sinhala ●●●●●

English ●●●●○

SKILLS

C

C++

JAVA

Python

HTML

CSS

JavaScript

PHP

Kotlin

R

SQL

SOFT SKILLS

Communication

Critical Thinking

Time Management

Adaptability

Teamwork

Creativity

PROJECTS AND RESEARCHES

- Implemented a web application for a "Blood Donation System". **Technologies: HTML, CSS, JavaScript, PHP, and MySQL**
- Implemented a web application for the "Online Tour Guide System". **Technologies: HTML, CSS, JavaScript, JAVA, and MySQL**
- Implemented an Android application for Online Job Searching. **Technologies: Android Studio, Kotlin**
- Implemented a fully featured web system for a Mobile Phone shop at Gampaha, called "Happy Mobile". **Technologies: MERN stack, Postman API, Tailwind CSS**
- Implemented a web application for creating Todo List. **Technologies: MERN stack**
- Implemented a web application for selling Christmas items. **Technologies: MERN stack**

TECHNICAL SKILLS

VS Code

Visual Studio

Eclipse

Android Studio
